Streetlighting, Outdoor Area Lighting, and Traffic Signal Incentives Program

Commercial, industrial, and streetlight customers of FirstEnergy's utility operating companies in Pennsylvania – Met-Ed, Penelec and Penn Power – can now take advantage of the *Streetlighting, Outdoor Area Lighting, and Traffic Signal Incentives* program, which offers incentives to encourage the installation of high-efficiency streetlighting, outdoor area lighting and LED traffic and pedestrian signal lights. Costs to implement the program are recovered from FirstEnergy's commercial, industrial, and streetlight customers in Pennsylvania in accordance with Act 129 of 2008.

The program offers flat-rate incentives per fixture for converting to the following lighting technologies.

- Dusk-to-Dawn Photocell-Controlled Streetlights
 - High-Pressure Sodium (HPS)
- Dusk-to-Dawn Photocell- OR Timer-Controlled Outdoor Area Lights
 - HPS, LED or Induction
- LED Traffic Signals
 - 8" and 12" Red & Green Signals
- LED Pedestrian Signals

Customers may review program information and download applications to receive incentives for qualifying fixtures as described in the program's application form.

To qualify, equipment must have been purchased on or after October 28, 2009.

For application forms and more information, please visit www.energysavePA.com.

Program representatives can be reached via email at energysavePA@SAIC.com.
