

Streetlighting, Outdoor Area Lighting, and Traffic Signal Incentives Program

ABOUT

Commercial, industrial, and streetlight customers of FirstEnergy's utility operating companies in Pennsylvania – Met-Ed, Penelec, Penn Power and West Penn Power – can now take advantage of the *Streetlighting, Outdoor Area Lighting, and Traffic Signal Incentives* program.

The Streetlighting, Outdoor Area Lighting, and Traffic Signal Incentives program offers incentives to encourage the installation of high-efficiency streetlighting, outdoor area lighting and LED traffic and pedestrian signal lights. Costs of this program are recovered through commercial and industrial rates for Pennsylvania customers of FirstEnergy's Pennsylvania utilities in accordance with Act 129 of 2008.

INCENTIVES

Flat-rate incentives per fixture are available for converting to the following lighting technologies:

- Dusk-to-Dawn Photocell-Controlled Streetlights
 - High-Pressure Sodium (HPS)
- Dusk-to-Dawn Photocell- OR Timer-Controlled Outdoor Area Lights
 - HPS, LED or Induction
- LED Traffic Signals
 - 8" and 12" Red & Green Signals
- LED Pedestrian Signals

Applications requesting a total incentive of \$3,000 or greater will require pre-approval before the purchase and installation of equipment. To qualify, equipment must have been purchased on or after October 28, 2009.
