

# **FirstEnergy PA – Auditors and Technical Assessment Providers**

---

---

FirstEnergy and SAIC provide this list of auditors as a convenience for customers seeking energy audit services.

Participating contractors are independent energy audit service providers. Customers are solely responsible for dealing directly with participating service providers in all aspects of their interaction including, but not limited to definition of scope of work, audit costs, contractual terms and conditions, and the level of accuracy required when estimating energy savings.

Neither FirstEnergy (including its operating companies and affiliates) nor the Business Programs implementation contractor, SAIC, nor agents, contractors, employees, officers and directors makes any representations regarding, or warrants the products and/or services of participating auditors and technical assessment providers, nor are they responsible or liable for any work performed by participating contractors, their subcontractors, or their suppliers in particular regarding whether it complies with any particular law, codes or industry standards, achieves any particular results or is safe or adequate for its intended purposes.
