

FirstEnergy PA - Program Ally List

FirstEnergy's utilities and SAIC provide this list of independent contractors as a convenience for customers seeking energy audit services. Participating contractors are independent and are not affiliated with FirstEnergy, its utilities or SAIC. Customers are solely responsible for dealing directly with participating contractors in all aspects of their interaction including, but not limited to definition of scope of work, costs, contractual terms and conditions, and the level of accuracy required when estimating energy savings.

Neither FirstEnergy (including its utility companies and affiliates) nor the Business Programs implementation contractor, SAIC, nor agents, contractors, employees, officers and directors makes any representations regarding, or warrants the products and/or services of participating independent contractors, nor are they responsible or liable for any work performed by participating contractors, their subcontractors, or their suppliers in particular regarding whether it complies with any particular law, codes or industry standards, achieves any particular results or is safe or adequate for its intended purposes.
